ROOSEVELT DEMANDS ACTION.

Washington, D. C., Feb. 19 .-President Roosevelt has again taken the Congressional bull by the horns in demanding action on important national measures. With the anti-trust legislation forced session the President has turned his attention to the Panama canal treaty, which it seems probable Senator Morgan will be able to hold up by his continued opposition.

The President told party leaders today that unless the Panama canal treaty was ratified before the 4th of of establishing a fund by parents or March, when this session closes, he will call an extra session of Con- \$1000 \$7.00 per month; \$80,00 per gress to act upon the treaty. From these data Dr. Wortman argues a common center of dispersion for the primates, and that cen- as follows: ter approximately within the Arctic circle, which was sub-tropical in the eocene period. Constantinople Social Life.

There seems no improvement in Turkish social life. Two incidents have occurred showing what sort of existence people lead. A certain high official had issued invitations for a dinner. As the guests began to assemble police came to the door and informed the host there must be no dinner. No reason was given, and the guests were sent away. Another night four high officials were playing cards when the police came in and arrested them. They were et at liberty a few hours later, but were warned not to do it again. Spies are everywhere, and if any one meets a friend they are always considered to be plotting against the Sultan .-London Daily Telegraph.
